

# Devil's Road

M. & L.: W. Schmitter

1.

Crazy days – the world in anger, here it is – the time of fear  
Politicians praying danger – there's no chance for liberty  
In my dreams I walk through shadows – through the mists of sanity  
Don't you hear a silence growing – the silence of humanity  
There's gonna be a heavy load – walk with me – the Devil's Road

2.

Hear the priests of all religions, empty words from empty heads  
Never cared for hungry children – welcome to the livin' dead  
The prince of darkness will arise – hearts of ice will burn to dust  
Satan's reigns the world forever – this will be his final lust  
There's gonna be a heavy load – walk with me – the Devil's Road

3.

All you modern day crusaders – with rusty minds and deadly toys  
You are fucking brain invaders – and no one will have a choice  
Lords of war and Lords of terror – wash your hands in innocence  
No one's gonna hear your prayers – no one to wash away your sins  
There's gonna be a heavy load – walk with me – the Devil's Road
