

# Pink Cadillac

Music & Lyrics: W. Schmidder

## **Intro:**

If there is trouble – with some dues to pay  
If there's another – mountain in my way  
I'm walkin' straight forward – no lookin' back  
Carry a six-string in a whiskey in my bag  
I've got holes in my shoes and a monkey on my back  
I need a room with a view and a pink Cadillac

## **1.**

Somebody help me – I think I lost my way  
Somebody help me – I think I lost my way  
All those things that you have done  
They count from zero, from zero to none

## **2.**

When I'm in trouble – there must be women around  
When I'm in trouble – there must be women around  
Oh, those female voices – buzzin' in my brain  
Your picture in my head – is drivin' me insane

## **SOLO:**

## **3.**

When there is silence – I feel myself at home  
When there is silence – I feel myself at home  
I've got holes in my shoes and a monkey on my back  
I need a room with a view and a pink Cadillac
