

Someone else – not me

Music & Lyrics: W. Schmitter

1.

I ain't lookin' for trouble – but trouble ain't that far
Sometimes life bursts a bubble – still countin' my scars
Sometimes you're standing all alone
and you work your fingers right to the bone

Chorus:

Baby that guy, that you want me to be
must be someone else – not me

2.

You say, that I'm evil – yes I am
blackhearted to people – yes I can
Don't you tell me 'bout the way I should be
Lord my spirit needs – needs to be free

Chorus:

Baby that guy, that you want me to be
must be someone else – not me

SOLO

3.

Don't need no holy bible – to tell me good from sin
I just need my guitar – and a song to sing
A rusty car for a desert-drive
I took the open road – to get me through this life

Chorus:

Baby that guy, that you want me to be
must be someone else – not me
